Objet : Invitation - Register by 7.12.2020 - DISARM Webinar: Responsible use of vaccines in farm animal production - Friday 11th December 15.30 - 17.00

Subject: Invitation - DISARM Webinar: Responsible use of vaccines in farm animal production - Friday 11th December

Dear EPRUMA colleagues,

We are pleased to invite you to the **Webinar: Responsible use of vaccines in farm animal production.**

EPRUMA has come together with **Copa-Cogeca** and the **DISARM Project - Disseminating Innovative Solutions for Antibiotic Resistance Management** to help organise this webinar.

Our chair, Steve Hallahan will be speaking on behalf of EPRUMA.

Vaccination has been an essential tool over the years for preventing a wide range of infectious diseases. By helping to eradicate and control infectious diseases, vaccination improves animal health and reduces the need for treatment, while contributing to food safety and public health. This webinar will focus on experiences of farmers, vets, and industry representatives on responsible use of vaccines as a successful strategy to avoid the need for antibiotic treatment.

When: Friday 11th December 2020, 15:30 - 17:00 (CET)

Register via: <https://form.jotform.com/203173580564354> by 7th December (links to join will be sent shortly before the meeting, together with the full programme)

Interpretation to EN, FR, DE, IT, ES, PL and RO will be provided.

Please feel free to share this invitation with your network.
